EDUCATION

Embry-Riddle Aeronautical University, Bachelor of Professional Aeronautics

TRAINING

SimuFlite, Falcon 20, International Procedures, Cockpit Resource Management, ATA B-737, B-727 and, L-1011 Initial and Recurrent.

OPERATIONAL EXPERIENCE

My flying experience includes airline, charter and corporate flying. My airline experience includes international operations in South America and Europe. As Chief Pilot for AGL, Inc. I was responsible for all phases of aircraft operation, management and pilot supervision. As director of training for Aviation Group, Inc. was responsible for developing the company's training program and operating procedures as well as supervising and coaching company instructors. While at Aviation Group, I was responsible for overseeing the transition from aircraft based to simulator based pilot training.
